The UCSC Residential College System

❖ The 10 individual Colleges create a small unique community within the larger university setting
❖ Each College has a different & unique theme
❖ UCSC colleges are not assigned by majors
❖ Advising at the colleges offers students general advising and support

Our mission: To promote intellectual, personal and social success and to provide an ethical and inclusive living and learning environment.

We extend a warm welcome to all students and encourage them to take advantage of the many opportunities here at Crown as we strive to create an atmosphere of academic excellence.
CRWN 1, Ethical and Political Implications of Emerging Technologies:

Introduces students to university-level thinking, reflection, and inquiry by actively engaging with texts, each other, and the Instructor. Students will read actively as participants in a guided conversation between text and reader, empowered to find meaning in the texts they read — reading with or against the grain. They will ask what a text is advocating — its point of view, key concepts, purpose, perspective and its constructedness as writing.

Communicating with Advising

❖ Schedule in-person or phone appointments on Slug Success
❖ Email crownadvising@ucsc.edu
❖ Drop-in advising
❖ Crown Website FAQs
❖ Facebook (@ Crown College)

❖ Your ucsc.edu email is considered a form of official communication
❖ Read your ucsc.edu emails -- this is how we communicate important information
Privacy, Confidentiality, & Student Responsibility

- Electronic advising notes on Slug Success are only viewable by staff who serve you in an advising capacity
- FERPA (Family Educational Rights and Privacy Act) protects your academic records
- Privacy vs Confidentiality

If you have scores from AP/IBH or grades from community college:

1. send official scores/transcripts to UCSC.
2. save an unofficial copy of your scores/transcripts.
3. email unofficial scores/transcripts to your Major Advisor so they can post pre-reqs.

---

Submit your official grade/score to UCSC to complete your Math Placement, if you have:

- passed a transferable college-level precalculus or calculus course, or
- have a sufficiently high Advanced Placement (AP) or International Baccalaureate (IB) Calculus test score.
- How to check if your AP score has posted.
ALEKS PPL

Math Placement using ALEKS PPL is a multi-stage process of assessment and improvement. It is not an online exam.

• Purpose of GE: to develop your skills in a wide range of subjects to give you a well-rounded education
• Take one course per category
• AP/IB/Transfer courses might transfer some GE requirements
• Some major courses might satisfy GE requirements
• Prioritize your Composition “C” requirement in your first year
• Spread out your GEs
Proposed Major

• What is a proposed major?
  • A proposed major is not a declared major
  • Proposed shows that you are intending to declare in a particular major
  • You must meet the major qualification requirements of the major to officially declare by the university deadline (Beginning of 6th quarter)

• What if I’m not sure about my proposed major or have not selected one?
  • The Career Center is a great resource to start researching potential majors, as well as potential career paths.
Major Qualification Process

Identify qualification courses
Are there GPA requirements?
Are there limits on non-passing grades?

Develop 2-year plan
Complete qualifying courses by 5th quarter

Declare major in 6th quarter
Develop academic plan for remaining 2 to 3 years.
Updating Proposed Major

- Non-engineering students can update their proposed major online.
- School of Engineering uses their own proposed major form.
